	First LEGO League Jr. (3rd-5th) Room #204 3:30-5:30 p.m. Capacity: 20

ELO Program Partners:

Spring (ELO) Programs

Morning Sketch Club (Mon & Wed)
Instructor: Victoria Miles
 Breakfast Sketch Club is an open-studio art program for elementary students. Students have free choice of a variety of drawing materials and the freedom to express themselves through art in whatever form they choose. A Teaching Artist facilitates the program, teaching new art skills and setting unique art challenges throughout the year.

LENS Theater (Mon only) - New Instructor!
Instructor: Mara Ofengender

Do you like to explore, express, and create? Then the LENS Project is for you! The LENS Project is a chance to get creative, make friends, and take a closer look at your relationships- all through theater, dance, spoken word, and art!

Vision Step Team - (Wed only) - (GIRLS ONLY!)
Instructor: Chelsea McElroy

Vision Step Team is a young women's empowerment group that focuses on self efficacy, health/nutrition, self love and acceptance and how to navigate the world as a self-sufficient young woman.

Hodge Podge Dance Crew (Mon & Wed)
Instructor: Katie Hodge

Our dance program is an Introduction and Exploration of Dance and related movement and performing arts! While developing balance, coordination, gross and fine motor skills, participating students gain self confidence in personal identity & expression; and learn the basic foundations needed to create and choreograph artistic pieces that can be showcased throughout the school year.

YESSSS Media/Cooking Program (Mon & Wed)
Instructor: Jason Hodge

THE Y.E.S.S.S. PROGRAM stands for The Young Entrepreneurs Structure Sell Systematize and Scale, and it's a program designed to inform and inspire the entrepreneurial heart and soul of our youth. Activities and projects designed to establish salesmanship, training, hands-on culinary exploration and application, video work, interview work, presentation skill development, broadcast proficiency, documentation, and the like.

First LEGO League Jr. (Wed only)
Instructors: Edison Staff

FIRST LEGO League Jr. is a noncompetitive, hands-on STEM program. Students build and program a model that moves using LEGO® Education WeDo 2.0. Students on the waitlist from winter will have priority for program selection. See your teacher to apply!
