CO-CURRICULAR PROGRAM

The board recognizes that the goals and objectives of the district can best be achieved by providing a broad offering of purposeful learning experiences, some of which are more appropriately conducted outside of the approved curriculum of the district. Such activities shall ordinarily be conducted wholly or partly outside the regular school day and shall be available to all students who voluntarily elect to participate. The co-curricular program encompasses approved curriculum-related activities.

The principal is authorized to approve curriculum-related activities that are not part of the Associated Student Body program and shall make school facilities available for them and designate staff members to support and supervise them.

The superintendent is authorized to develop and implement the necessary regulations for the administration of this policy.
