Activity: Draw an EYE with a “twist”!!

Key Content/Modeling

Okay Students, we are leveling UP. This week’s art challenge is to draw an EYE and then add a “twist”!

What do I mean by “twist”??? Well, add something to the eye drawing that changes it...something unexpected...YOU get to decide what that is!!

I am enclosing STEP by STEP instructions. Do not be intimidated you can TOTALLY do this.

Sharpen your pencil...take your time...look closely...be patient...

You Try

TIPS: Use any drawing or painting materials you have.

Take your time. Put some music on! Make this assignment your BEST art.

Express yourself! Do something totally unique to YOU.

You can always look at the last step and copy what you see, rather than follow step by step.

Show me what you know (Proof of learning)

Turn in your work: take a photo of your work. Email the photo to me: jdavis6@tacoma.k12.wa.us OR upload the images to TEAMS- if you want to share your work with your classmates, post it in the comments section of Teams 😊

Self-Assessment

So how did THAT go for you? Did you “nail it”?? 😊 Remember, art is fun, making mistakes can be FUN.

Extra Learning Opportunities

Draw more than one eye...do a face... do animal eyes...do one really BIG!!

Priority Standard(s):

Anchor standard CREATE
Organize and develop artistic ideas and work.

Demonstrate openness in trying new ideas, materials, methods, and approaches in making works of art and design.

Anchor standard CONNECT
Synthesize and relate knowledge and personal experiences to make art.

What am I learning?

1. Human anatomy
2. Drawing using LINE
3. Drawing using VALUES (shading)
4. Expressing your ideas through art!

How do I know I learned?

Learning Evidence in 1-3 Descriptors

1. Artwork has details.
2. Lines in artwork are clear with some shading.
3. Eye has a unique twist!
Step by step how to draw a really cool eye!! You CAN do this! It does not need to be perfect, just relax and look closely.

The beauty is in the SHADING.

1. We start with the lines...
   - Start with a circle. If you don't have a compass, just use a can or bottle top.
   - Put a small dot right in the middle of the circle.
   - Draw another circle in the middle. Use the dot to help you center the smaller circle.

2. Now... The hard part...
   - Drawing the shape of the eye.
   - This is a smooth arc.
   - It cuts off the very top of the arcs.
   - It bulges up here.
   - It bulges down here.

3. Add this line. It shows the thickness of the eye lid.
   - The tear duct is a sort of a small circle. This will be the reflection.
   - Draw this line. It is the shadow cast by the upper eye lid.
Did you do it???? Amazing!! Now add a "twist" if you want. Scroll down for examples of how two artists added a "twist" to their eye drawing....

These artists are ADULTS so don't worry if what you make isn't this professional looking!!
HAVE FUN EXPRESS YOURSELF!!
