WE WANT TO HEAR FROM NATIVE VOICES

Seattle Indian Health Board is seeking volunteers for a two-hour focus group to share thoughts on building a culturally-based suicide prevention program for American Indian and Alaska Native people at risk of suicide. Participants will be compensated for their time.

Participation Requirements

• Age 18 or older

• Identify as American Indian/Alaska Native

• Do not currently suffer from, or receive treatment for suicidal thoughts or behaviors.

• Affected by suicide through a family member or friend

• Agree to be audio recorded

• Speaks and reads English

If you are interested, contact Meena Richardson, MPH at 206-324-9360 ext: 3069 or meenar@uihi.org.

This is a joint project with Washington State University.

This study has been approved for human subject participation by the Washington State University Institutional Review Board.
