

# School Performance Report

## Sherman | 2015-16

School Performance Reports give an overview of each school's demographics, test scores and graduation rates, and how they compare district- and state-wide. A big part of school and student performance is our teachers, who are highlighted here by years of experience, education level and certificates/qualifications. View all TPS performance reports, including translated versions, at [www.tacomaschools.org/performance-reports](http://www.tacomaschools.org/performance-reports).
